Love That Olive

Ever stood in the grocery store aisle wondering what the differences are between olive oil, virgin olive oil, and extra virgin olive oil (EVOO)? Why does Rachel Ray demand EVOO? Why would someone ever put vinegar on good tasting food? Why are there such price differences in oils? These questions and many, many others will be answered during this event which also includes a dinner with appetizers, salads, sides, entrée, and desserts. They say it's a sampling of each, but you will leave FULL. I have gone to three of these events and I learn something new every single time.

\$20 includes the food and education.

This event is open to up to 30 people. Bring family and friends with you.

Pre-registration & payment are required by calling **Love That Olive at 763-657-0857**. We must have at least twelve people to hold the event. If the event is cancelled due to lack of participation refunds will be made.

Project Reports

Project reports are not exciting, but very important. After every event, a project report is needed. The report has two purposes.

1. Provide necessary details for the secretary minutes and reports to the state.
2. Provide helpful specifics for the next chairwoman.

Good news! There is a report form that will guide you through the details that are needed. The form is included in the newsletter and found on our WT website. The secretary needs information about number of people, amount of money, and total service hours. The rest of the details will be helpful for the next person (even you) hosting the event again.

Completed reports will go to the Secretary and the Records & Recognition LPM (currently Bobbi). If you have extra papers to attach to the report, you can attach those to the LPM's copy. You don't need to print or copy these pages.

If you have questions regarding the form, feel free to contact me.
